What is the Montréal Design Club?

The Montreal Design Club is a monthly event series organized *by* designers *for* designers. Each event features two talks by interesting designers from various backgrounds and disciplines. Our objective is to bring the community together & showcase all of the incredible design work that happens locally.

Why Sponsor?

Sponsoring one of our events is a great way to get your name in front of Montreal's best designers. Whether you're looking to hire, get the word out about your product or establish your presence in the city, our events are the perfect place to get your message in front of 100-150 of the smartest people in the industry.

More importantly, you'll also be supporting the growing local design community. Sponsors like you really are the only way we can make these events accessible to everyone for free.
